

On The Other Islands

Oahu Registration—A total of 14,695 men and women of Oahu are eligible to vote at the general election, November 2. Of this number 9375 are men and 5317 are women. It is estimated that only 622 men failed to register, an unusually good record. The women went 300 beyond the half-way mark, reaching a total of 4683.

Teachers Ask Raise—The Hilo Teachers' union voted to send a delegate to the next special session of the territorial legislature to work for a 25 percent increase in teachers' salaries.

Skipper Beaten Up—Capt. A. W. Howard, skipper of the freighter Woundrichem and a veteran of the sea with thrilling experiences galore as a mariner, got the worst beating of his life on board his ship, which is moored at Pier 3, Honolulu, for repairs. As result, Captain Howard suffered a broken nose and had his face pummeled almost to a pulp in a near-mutiny of the crew.

Waiakea Plitika—Attorney General Irwin will analyze thoroughly the statement of the Waiakea Mill company concerning its properties before any conference is held or anything is done in the matter of the alleged failure of the company to live up to its wartime agreement with homesteaders.

Treating Leprosy—Dr. A. L. Dean and R. K. Bonine, photographer have returned to Honolulu from Molokai where they had gone earlier in the week to make certain investigations and take pictures. Dr. F. E. Trotter, president of the board of health, and Dr. George H. Barton, who were also members of the party returned later. The visit of this party to the settlement marks the introduction of the chaulmoogra oil treatment at Kalapapa and Kulawao.

New Regent Named—Governor McCarthy has appointed Mrs. Mary Dillingham Frear as a member of the Board of Regents of the University of Hawaii, succeeding Mrs. C. W. Ashford who resigned recently because of ill health.

Hawaii Exports Bull—Establishing the record of being the first thoroughbred Holstein bull to leave Hawaii for the mainland is "Segis Matador Walker," Reg. No. 72,053, of Kula ranch Hamakua. This fine animal was shipped on board the S. S. West Keene for San Francisco, having been purchased by the Carnation Stock Farms, of Seattle, Wash., for breeding purposes on their farms.

Olaa's Sugar Crop—American Factors has announced that the crop of the Olaa plantation for the season just ended amounts to \$26,200 tons.

Home For Aged—Governor C. J. McCarthy has signed executive order No. 78 setting aside 124.34 acres of land at Waiakea, Hawaii, for use by the Hawaiian Island Welfare bureau. The bureau proposes to erect upon the land a home for aged and dependent men and women. A right-of-way of 20 feet for railroad purposes is reserved by the government. The land set aside consists of lots 804-A, 804-B, 805-A, 805-B, 806-A and 806-B of the Waiakea homesteads, second series.

Syngman Rhee Busy—Dr. Syngman Rhee, president of the provisional republic of Korea, has left Honolulu on what is presumed to be a mission to Washington, D. C., where he is head of the commission representing the Hermit Kingdom at the national capital. Doctor Rhee came here about three months ago after an absence of more than two years, on business in connection with the Korean school of which he is in charge, and to confer with local constituents. It is understood that in the near future Doctor Rhee intends to visit Shanghai, China, and there convene the provisional Korean congress.

Wants More Land—The territory has filed in circuit court a suit to condemn approximately 10 acres of land in addition to that already secured for the McKinley high school site on King street. The suit is a friendly one, and will probably be concluded the early part of next week.

Water Source Found—Tunneling under the crater of Palolo, W. W. Wall, superintendent of water works of Honolulu has tapped a splendid water source which it is estimated will add 700,000 gallons daily to the inadequate supply for the city.

To Stockholders.

R. A. Massey, Secretary-Treasurer of Hartford Oil Company says in a letter received here this week:

"We are arranging to buy enough production for Hartford to pay 30 or 40 per cent annually in dividends. We are able to do this on account of buying production at land figures due to money stringency throughout Texas."

Rotarians Invited—Superintendent of Instruction Vaughan MacCaughy, has extended an invitation to mainland Rotarians to meet in Honolulu next year.

McBride Acquitted—Attorney Claudius McBride, charged with attempted assault upon a 16 year girl who had been in his employ has been acquitted. He will next have to face charges of attempted tampering with jurors.

Trustees Criticized—Bishop Estate Trustees are subjected to severe criticism by Miss Margaret Ashford in her report as master to audit the year's accounts. She reports purposes of trust have not been carried out in full. An answer has been filed by the trustees.

New Steamer Soon—The steam schooner Bee, which was recently purchased on the Coast for the Hawaii Meat Company, is expected to arrive in Island waters next month, reports the Hilo Tribune. She will be placed in the service of the big company and will handle cattle from the Parker and other ranches. The vessel will also carry cargoes of corn to Honolulu and, possibly Hilo. It is expected that the Bee will take at least 4000 bags of corn every trip, during the season to Honolulu.

Boys Admit Forgery—Two Hilo boys who, have evidently patronized the movies well and not wisely, are in custody of Detective George Tucker, who gathered in the lads after they had confessed to a series of forgeries which netted them \$20 or so. The youngsters, one of whom is nearly 16 years of age, and the other 14, will be handed over to the Juvenile Court, with every probability of being sent to the Honolulu Reform school.

Kalaniana'ole Defends Rehabilitation Bill

Delegate J. K. Kalaniana'ole spoke to the voters of central Maui at the Hippodrome Monday evening. Threatening weather during the day and a general sense of weariness following constant fair going tended to reduce the crowd but the audience practically filled the theater.

Following an introduction by Judge Kalua who presided at the meeting the Delegate spoke and nearly all of his speech was in explanation of the "Rehabilitation Bill." He said it merely provided for a restitution to the Hawaiian people of something that belonged to them.

Delegate Kuhio touched upon the promulgation of the first land law in 1840, its amendment in 1843 and the division of the lands in 1847 under which 600,000 acres were allotted to the people the income to go to the rulers. There was to be taken, he said, 200,000 acres of such land for distribution among the Hawaiians to whom it really belonged.

Taking up the criticism that to secure the money to put the lands under water the Territory must be bonded in large amounts he said there was no cause for worry in that respect for Congress would relieve the Territory of some of the burden if it was found to be too heavy and he cited various irrigation projects of the mainland in support of that assertion.

The Delegate went to Lahaina, from the Hippodrome and caught the Mauna Kea for Honolulu.

Woman's Guild Bazaar Promises Good Time

Change of location for the bazaar of the Woman's Guild of the Church of the Good Shepherd from the Wailuku Gymnasium to the Territorial Building, Kahului, was made because of the better accommodation which the Territorial Building offers for such an affair.

The members of the Guild are making every effort to provide the Maui folk with a good time on Saturday evening, November 6th, at the Territorial Building. At 7:45 the bazaar will open with an entertainment at which an excellent program of good music, fancy dances, elocution, and other good items will be rendered. Then there will be a dance in charge of Mr. Seabury Short, and the floor will have been put in good condition for dancing. The inclusive cost of admission for bazaar, entertainment, and dance is 50 cents. Music will be furnished by the band under the leadership of Mrs. Mary Hoffman-Kunewa. The bazaar will consist of a fancy table at which children's gingham dresses will be a specialty. A novelty table will provide both for children and grownup folk. There will be a delicatessen table, a table of plants and flowers, and a refreshment booth. Remember the bazaar opens with the entertainment at 7:45.
