### Rivenburgh Has Job With Lane

Betram G. Rivenburgh, formerly land commissioner of Hawaii, who resigned his position some time ago and is now on the mainland, will soon be connected with the department of the interior in Washington, D. C., and will assist in the big projects which Secretary Franklin K. Lane, has under way for land reclamations for returning soldiers.

This information reached Honolulu a few days ago through the arrival of a local man returning from service on the mainland. He saw Rivenburgh in Washington and the former land commissioner stated that he was about to join the department of the interior and handle some of Lane's pet projects for the reclaiming of lands for returned soldiers.

### New Army Department

#### Commander Soon

Brig. Gen. Henry C. Hodges, Jr., former colonel of the 1st Infantry here in 1917, will be the next commander of the Hawaiian department, succeeding Brig. Gen. John W. Department headquarters has received no official confirmation as yet of the reported change.

General Hodges really returns to his former position here, owing to the fact that he had the honor of being department commander on Oahu for one day during the period in 1917 when the higher officers were leaving in rapid-fire order for the mainland.

### Kuhio Will Not Stand For

#### C. Of C. Representative

Delegate Kuhio, at a meeting of the Hawaii Civic Club (Hawaiian), stated that in the future he would take a stand against all representatives sent to Washington by local organizations and working outside the delegate's office. His stand was unanimously backed by the club on the motion of Sheriff Charles Rose.

"I have never yet taken a stand against such representatives," said the delegate, "but I must put my foot down some time. No man is recognized outside my office in Washington and it is unfortunate that the Chamber of Commerce sends men to Washington to work without my cooperation. I do not wish to work against the interests of Hawaii, but I feel that if representatives go around in Washington without consulting me first those in authority will feel that there is a lack of unity here. I intend to stop such action at the next session of Congress."

### New Alien Enemy Property Custodian

Guy H. Buttolph today resigned as campaign manager of the coming Victory loan, it was announced by L. Tenney Peck, executive chairman. Mr. Buttolph has been connected with the loan campaigns since the beginning and much of the credit accruing to Hawaii because of oversubscriptions is due to his efforts.

Since the resignation of R. W. Shingle as director of the W. S. S. campaign for Hawaii, the matter of reorganization has been taken up for consideration. At a meeting of the loan committee today it was suggested the liberty loan quota and the W. S. S. quota be merged. The total amount to be raised in Hawaii, which begins April 21, has not yet been ascertained.

Buttolph, Harold Hayselden, George Cooke and many other local men. He urges every citizen interested in the future welfare of Honolulu to attend the meeting.

### Want Parks Given To

#### Hawaiians As House Lots

There was an unusual proposition submitted to the senate last week in a petition introduced by Senator King at the request of a man named Kauai, representing, as he was reported to have said, 104 other Hawaiians, by which the Territory is asked to set aside Aala Park, Kapiolani and Atkinson parks, as well as other public lands and playgrounds, for homes for Hawaiians.

The senate is also asked to appropriate \$3,000,000 to build homes in these parks for these same Hawaiians who will be permitted to pay for these homes on easy installments. The petition, which was in Hawaiian, was referred to the lands committee.

### Ex-Soldiers To Receive

#### Bronze Service Buttons

Every honorably discharged soldier and sailor now residing in the Hawaiian Islands, or to be discharged from army service later, is to receive from the United States government, an "honorably discharge" bronze button emblem somewhat similar to the G. A. R. button.

These are to be distributed free to all men entitled to them. The buttons are to be manufactured by concerns chosen by the government, which will furnish the dies for their manufacture, and purchase the buttons, thus obviating any possible variance from the approved pattern in design, color or material.

Of appropriate and artistic design the button is the result of a competition among American artists and sculptors, conducted by the Commission of Fine Arts.

### Japanese Present Fountain

#### To City Of Honolulu

HONOLULU, March 7—Amid banquets shouted by thousands of Japanese the beautiful Phoenix fountain erected in Kapiolani Park by the sons and daughters of Nippon in commemoration of the accession of Emperor Yoshihito the throne of Japan was ceremoniously dedicated yesterday afternoon and officially presented by them to the City of Honolulu. The gift was officially received by Mayor J. J. Fern.

The presentation was made by R. Moroi, consul general of Japan. That the friendship existing between America and Japan should be fittingly observed as the memorial was accepted, the band played the Japanese national anthem, followed by the Star-Spangled Banner, the entire assemblage standing uncovered during the playing of both selections.

A bill has been introduced by Representative Castle (Oahu) prescribing the size of loaves of bread which may be made for sale and prescribing penalties for persons selling under-weight loaves.

A petition is being circulated in Honolulu, and funds raised for the purchase of a bill in the legislature which will fix 8 hours as the maximum working day for "indoor employees" in the territory.

Chairman A. F. Tavares, of the House health committee, visited the home for feeble minded in Honolulu last Tuesday. "I doubt if there is a more vile and so dangerous as the building in which the teachers are trying to instruct some 50 feeble minded persons," he stated.

Plans are on foot in Honolulu for a

new high school to cost \$150,000. Most of the money is said to be available. The building, if erected will be on east King street.

### Filipinos Fight To Death

#### Over 12-Year Old Girl

HONOLULU, March 19—One man is dead and one is probably fatally injured, with a bullet hole through each breast, as the result of a pistol duel fought early yesterday afternoon on the banks of a creek in a field at Puuloa. The dead man is Garvino Marques, aged about 45, and the injured man is Margerito Isu, aged 26. Both are Filipinos. Isu was brought to Honolulu and given treatment at the emergency hospital, and later sent to Queen's.

### Battle For Affections

The duel was the outgrowth of a jealousy over the affections of 12-year-old Esperanza Balaqui, with whom Isu was in love.

### Photo Of Soldiers' Graves

#### To Be Sent To Relatives

### Japanese Student Threatened

#### For Favoring School Regulation

HONOLULU, March 19—A Japanese student of the Japanese high school who gave an insight into the teachings of the Japanese school here, when he wrote to one of the local American papers and had his name signed "M. H. M." to the letter, is very much wanted by other students of the Japanese institution on Fort street.

It developed that after the student had written his letter to the paper expressing his views and favoring the passage of the foreign language school bill and saying that Japanese schools should be abolished, he learned that he was in danger. He told one of his English teachers in a local school that his fellow Japanese students and teachers are trying to locate the author of the letter. Several meetings were held in the Japanese high school but they proved fruitless. But they are still on the lookout for the "traitor" as they call him who had exposed the Japanese teachings.

### Polo Club Wants To Buy More Land

The Hawaii Polo and Racing Association, which has a large area of improved land on the slopes of Diamond Head, arranged for stabling horses and for preparing for race meets and polo tournaments, wishes to expand and is ready to pay \$10,000 for 15 acres of land which form part of the James Campbell Estate.

The trustees of the Campbell Estate H. M. von Holt, A. N. Campbell, and R. W. Shingle, have petitioned the circuit court for an order permitting the land in question which is adjacent to the polo club's present area, to be sold at public auction.

The trustees state they have an offer of \$10,000 from the polo club. They say the ground is worthless for building lots, being on a slope of Diamond Head and say, also, that it is now an expense to the estate, yielding practically nothing.

### Father Of Dead Soldier Can't

#### Be Found To Receive Pension

### Workmen Crushed Under

#### Bags Of Sugar

One Filipino was killed and one paralyzed from the waist down at Hawalea Friday afternoon when a number of filled sugar sacks fell down on them from the top of a stack. A coroner's jury yesterday decided that the decedent came to his death by an accident.

A gang of six Filipinos were at

work placing filled sugar bags in the slings ready for loading on the steamer. The luna told them to take the bags from near the bottom of the pile which was a high one, and although they remonstrated, and said they would rather climb up and get the bags off the top, he told them to go ahead and take some from the bottom, as he wanted them to load the sling quickly.

### Luna's Error Of Judgment

He had hardly left the spot when the bags, each weighing more than 100 pounds, catapulted down by dozens. Four of the Filipinos jumped aside, but in the narrow space two were caught. When the bags were dragged away Pablo Bateon was dead and Mamerto Robayas had lost the use of his legs.

Robayas is in the hospital and it is not known whether or not he is paralyzed for life. Pablo had been in the islands but a few months, and leaves a wife and child in the Philippines.
